Re: Yearly Budget Report
Work Session
6:00 pm, July 12, 2016

Please accept our deepest thanks for the support that the City has demonstrated to the Opera House. We especially want to thank City Manager Allen Dinkel, Cheryl Beatty and you the City Commission for your support. We love seeing you at the Opera House. Sheila and I were elected to be Co-presidents of the Kansas Historic Theater Association this year. We have noted, compared to other Kansas theaters, the unique and wonderful support that the Opera House receives from the City and the County.

We have had a wonderful year at the Opera House. We have experienced an increase in attendance, increased income in from individual donors, foundations and businesses, and an increase in use by the community, schools and rentals.

We believe that as custodians of this grand edifice, it is our job to not only maintain but to enhance the building. Through a generous donation, we added track lighting and a hanging system to display art on the second floor art gallery. A grant from the State of Kansas, allowed us to make enhancements to the lobby: we replaced the box office windows with bronze grates to allow for better communication with our patrons. A Will Call Window and door for security was added to the coat room to help the traffic flow. It now also provides suitable offices for the directors. A one-of-a-kind chandelier was created and given by John York and hung above the grand staircase by McCaleb Electric.

Though we have increased our overall budget for Opera House operations (from approx. \$372,000 last year to \$388,000 this year), our request from the city is \$5,000 less than 2016. It is our hope that we can continue to decrease our budget request to the City while maintaining the quality of programming and care of the facility. We have established accounting and tracking tools which help us better manage our budget. This also helps increase transparency so that all our donors may be assured that their money is being well spent.

Our 2016-17 season is in place and we are working to secure sponsors and increase our Friends of the Opera House. Last year we went from 18 Friends of the Opera House to 54. This year our goal is to grow that number to 100!

We have a wonderful staff at the Opera House and we are working hard to make our clients and everyone using the Opera House feel valued and welcome. Cooperation between the Junction City Little Theater has never been better. This year we will produce the Christmas show, A Christmas Carol, together. Sheila and I along with Ellie Dillon will be directing. We are also working with the Junction City Arts Council to enhance their program. We are glad to welcome the Community Band each summer.

Once again, thank you for your support.

2017 BUDGET GUIDE

JUNCTION CITY, KANSAS

2017 Budget Message

Mayor & Commissioners,

One of the challenges each year in local government is to set the budget for the following year. This process includes looking into the “crystal ball” to accurately predict the needs for a year that does not begin for another six months or so and ends eighteen months from now. Of course, we depend on historical data and blend in the wants and needs of the Department Heads. As we move forward in the next few weeks we will then include the desires of the Governing Body and the public as we finalize the 2017 Budget.

As we work to develop the 2017 budget for Junction City I find we are faced with the reality of past decisions. The debt issue naturally pops up but also decisions made in regards to repair (or delay) of the City’s infrastructure such as streets, water, and waste water and storm water have an impact on the budget. Likewise, the decisions made today will have an impact in the future.

I often say that budgeting is like a “box”, we know how much cash carry we had from the previous year and we have estimates on the amount of funds we will receive through the State. Shortly, we will receive estimates from the County on various funds and in late June/early July we will know the estimated valuation which we will use to determine the estimate mill levy. On the other side of the equation we know how much of the budget box is filled with items such as debt service and normal operation costs. We then have to look at other wants and needs which we will have to then balance the income to expenses and remember that when we make an increase we either have to shift other expenses or have to make the “box” bigger by increasing revenue.

As we move through the budget process there is no “bad” ideas. Ultimately, each department, each City Commission and every member of the public has different priorities when it comes to the budget. This budget process that began two months ago will continue into August which will allow for good discussion and ultimate compromise.

We often hear that taxes in Junction City are too high. I think we have to remember that the property tax bill we pay also includes funds for the State, County, and School District. As you well know the property tax issue is multi-faceted. In the most recent budget the total mill levy for Junction City properties is 160.217 mills. This is a shared percentage as follows:

City: 29.781%
 County: 42.117%
 USD: 27.116%
 State: .936%

The valuation of property is not a duty of the City but one of the County that follows State guidelines and procedures. As the total property taxes increase, I do think we have to continue to tell the public of the efforts the City has done to keep the need for more dollars as minimal as possible.

As we look at the 2017 budget, there are concerns to consider. One is the sales tax revenue. At the present time, they are flat when compared to the previous year but in some months we have a slight dip. Any economic changes could easily affect the amount of sales tax that is collected. Lower sales tax revenue has a detrimental effect on the City. On the other hand, the City has always been conservative on sales tax estimates so we have not and will not budget for a dollar amount that has little chance of occurring.

The amount of reserve funds is always a concern. There is no doubt that there are ups and downs that we have to work through. Focusing on having reserves helps to lower the impact.

Even though we dwell on tax dollars, the City budget also includes services such as water, waste water, storm water, and solid waste. These are funded by rates that are charged. In previous years, the City made the decision to make some major improvements and updates to the water and the two waste water plants. To fund these improvements a series of rate increases are considered annually and the City must maintain reserves to pay for debt service and interest in the future.

No doubt there are challenges, but I am convinced that the future of Junction City is bright and together we will work for the community to grow and prosper.

Sincerely,

Allen J. Dinkel
 City Manager

Junction City's Financial Health Faces Serious Challenges in the Years Ahead.

Here are some reasons why:

DEBT SERVICE

In 2006 it was announced that Big Red 1 would be returning to Fort Riley. In response, the City scrambled to provide housing for an influx of soldiers and contractors. The City entered into development agreements to finance Special Improvement Districts and at the same time entered in several economic development agreements. However, the boom never reached its' original expectations, which resulted in over 1,200 residential lots with no houses built on them, most of the economic development agreements failed, and the housing market bubble burst causing the 2008 market crash. Even though the expected homes were not built and economic development agreements failed, the City remained responsible for the debt for associated improvements financed by loans and General Obligation Bonds. Currently, approximately 40 percent of Junction Cities' property tax revenue is dedicated to debt service, and \$400,000 is transferred two funds, the Special Highway Fund and the Storm Water Fund, to Debt Service for debt payments. In addition, a 1% sales tax is also used for debt service.

STREET MAINTENANCE

The City is making efforts are repair and maintain its' streets. In the last three years there has been greater emphasis in this area. However, it will continue to be a challenge to provide adequate funding for street and bridge improvements. At the present time, \$400,000 of the approximately \$650,000 in annual revenue received from the State gas tax for road improvements, allocated to the Special Highway Fund, is used for debt service; debt incurred as part of the residential development and other street improvements funded by loans and general obligation bonds.

LAND BANK LOTS

The City formed a Land Bank to obtain and ultimately sell a large number of lots that the City received after Geary County conducted delinquent tax sales, in which the properties were not purchased. The City Land Bank lots have been a challenge to market for development and provide maintenance. The City will also need to preserve the streets that were built, but are not in use.

DELAYED MAINTENANCE AND EQUIPMENT REPLACEMENT

Due to the Cities' financial crisis in 2010 and the large, annual debt service payments, the City has delayed many purchases of equipment, maintenance of aging infrastructure, and building maintenance. At some point, these items need to be addressed and funds made available for improvements and purchases.

IMPROVEMENTS TO WATER AND WASTEWATER PLANTS

The City started multiple projects to repair and update the Water Plant and two Wastewater Plants. The City Commission has approved a long-range plan with annual rate increases for water and wastewater improvements for a ten year period, starting in 2014. These rate increases will only finance Phase I improvements. They current rate increases put in place and scheduled will not finance Phase II improvements, Phase III improvements, or other improvements such as the replacement of aging water and wastewater main lines.

STORM WATER

The City needs to address a number of storm water issues due to the lack of previous maintenance and state/federal mandates. Storm water rates either need to be increased or other funds need to be identified for debt service funding that is now transferred from the Storm Water Fund to the Debt Service Fund. This would allow the Storm Water fees currently collected to be used for storm water projects instead of debt service.

EMPLOYMENT NEEDS

Simply speaking, it takes a number of dedicated and trained staff to perform the duties of the City. The employees are the day to day "face" of the City and everyone depends on them to deliver the services provided by the City. Employee health insurance rate increases along with

increasing participation in the Kansas Public Employee Retirement System and Kansas Police and Fire Retirement System will continue to be a budget challenge. These are issues that need to be addressed to employ qualified and skilled employees.

Organizational Structure

THE BUDGET CYCLE

The Kansas Statutes require the City Commission to adopt an annual budget and submit it for certification to the County Clerk by August 25th of the year prior to the beginning of the fiscal year, which begins January 1 and ends December 31. The following general timetable is being used in 2017 budget development and document preparation:

1. March – April 2016: Department Heads prepare budgets and assess capital improvement needs.
2. May 2016: Budgets are completed by Department Heads. The City Manager meets with Department Heads to formulate a recommended budget.
3. The City Manager's Office gathers program data and performance measure from all departments and presents the final 2017 budget recommendations.
4. June 2016: Department Heads present their budget recommendations to the City Commission. The Department Head reviews the budget with the City Commission, highlighting major changes and capital outlay requests. These work sessions are open to the public.
5. July – August 2016: Public Hearing and Adoption.

The City Manager's final recommended budget is made available to the City Commission by August 1. The public is invited to comment on the budget during a formal public hearing. The final adoption occurs at a regularly scheduled City Commission meeting.

Legal notice of the public hearing will be published 10 days prior to the hearing, stating maximum budget expenditures and levy amounts. Upon final adoption by the City Commission, the budget is submitted to the County Clerk by August 25, 2016 for review and submission to the State of Kansas.

FINANCING COMMUNITY SERVICES

The Local Mill Levy

Local government determines how much money will be needed to provide services in the ensuing year by preparing and adopting a budget. The ad valorem levy (or commonly known as property tax) represents the difference between the total funding requirements and the estimated amount that will be collected from other sources such as sales taxes, fees, charges for services, investment income, intergovernmental revenue, licenses, permits, cash carry-over balances, etc. After adoption of the budget, the state requires taxing districts to file a copy of legal forms with the County Clerk. These forms demonstrate compliance with tax limitations and provides budget numbers to be used to prepare tax assessments for tax statements.

The County Clerk calculates mill levy rates by dividing the dollar levy requested by the assessed value of all property in the applicable district (see detail below). The County Treasurer prepares and mails the tax statements in November; one-half (50%) of the total tax statement is due on or before December 20th and the balance is due on or before May 10th of the next year.

The following formula is an example of the calculation of the Junction City ad valorem levy for the 2015 budget year, using the final valuation calculated and shown on the 2014 Tax Levies of Geary County, Kansas report as certified by the Geary County Clerk.

$$\text{Taxes Levied/Assessed Valuation} = \text{Mill Levy Rate}$$

$$\$8,311,710/\$174,367,463 = 47.666$$

Examples of how to determine what a residential property owner in Junction City paid to support the 2015 services, the following formula is used.

Market Value (Dollars)		Classification Rate (Percentage)		Tax Levy Rate (Mills/1000)		Estimated Taxes Due (Dollars)
\$ 40,000	X	11.50%	X	0.047666	=	\$ 219.26
\$ 60,000	X	11.50%	X	0.047666	=	\$ 328.90
\$ 80,000	X	11.50%	X	0.047666	=	\$ 438.53
\$ 100,000	X	11.50%	X	0.047666	=	\$ 548.16
\$ 150,000	X	11.50%	X	0.047666	=	\$ 822.24
\$ 200,000	X	11.50%	X	0.047666	=	\$ 1,096.32

11.5% is the statutory classification rate for residential property and 25% is the statutory classification rate for commercial property. Rates were last changed by constitutional amendment 1992 and effective for the 1993 tax year and thereafter.

JUNCTION CITY FUNDS STRUCTURE

The accounts of the City are organized on the basis of funds and are divided into the following fund types:

General Fund - Contains City revenues not otherwise earmarked for specific activities, programs and includes most general government functions.

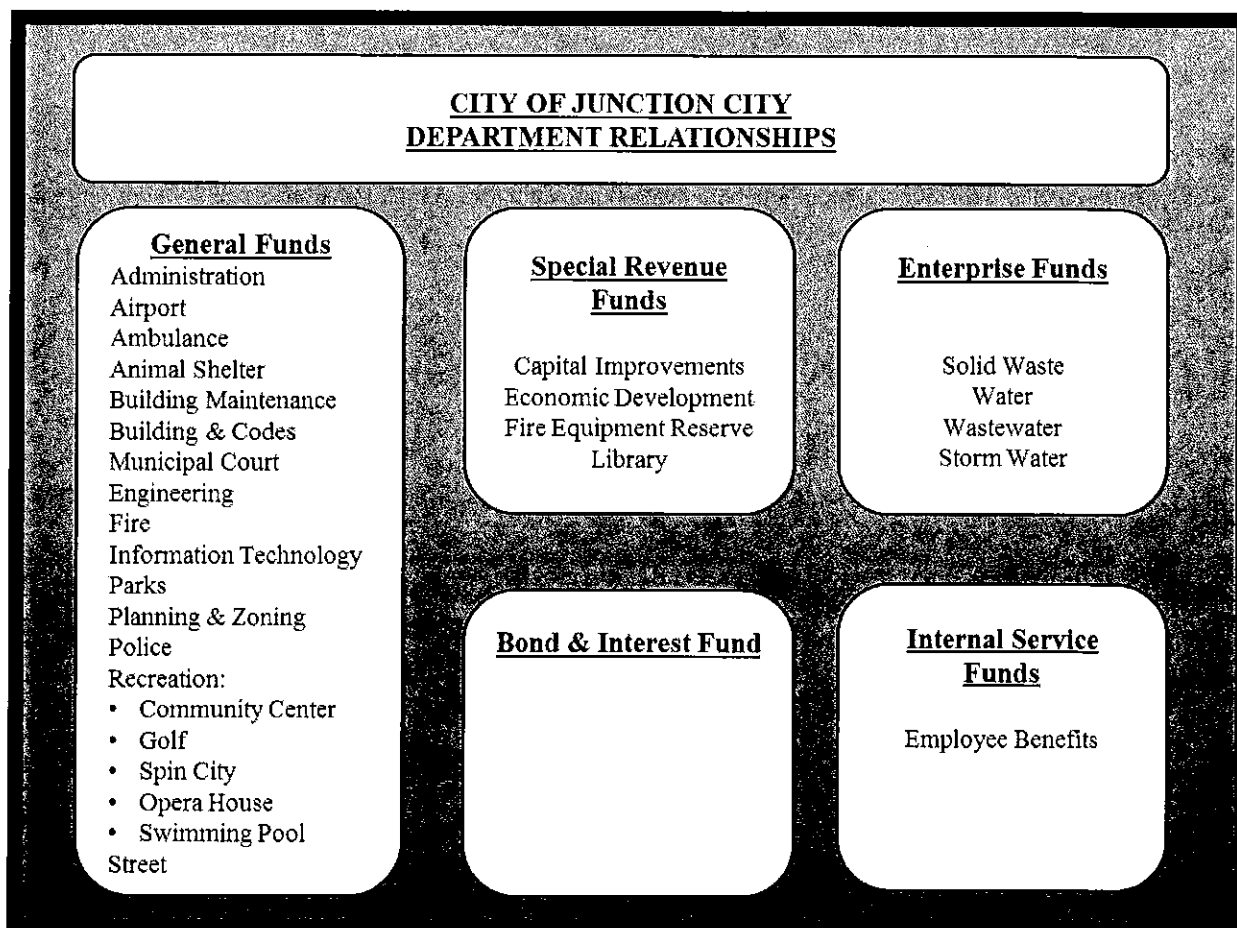

Special Revenue Funds – Includes tax and non-tax funds where revenues are devoted to specific activities (e.g. Special Highway, Economic Development).

Bond & Interest Fund – Accounts for the financing principal and interest payments on the City's long-term debt.

Enterprise Funds – Accounts for operations of the Water, Sewer, Sanitation and Rolling Meadows Golf fund. These funds are all supported by user fees.

Internal Service Fund – Similar to and Enterprise Fund, except the services are provided for internal organizational units rather than for the direct benefit of the public (e.g. Motor Pool).

FACILITIES

The Junction city Customer Service Center is located on the main floor of the Municipal Building at 700 North Jefferson Street. The office is open to assist customers Monday through Friday from 8am – 4:30pm.

PRESSING ISSUES

Meter replacement: The meters are outdated and many have bad dials that need to be replaced. As meters age the accuracy slows and the reading decreases losing possible revenue. There is a need to upgrade our meter reading system with advanced technology for automatic meter reading. Upgrading the system that would increase accuracy, increase department efficiency, and free up time for system maintenance.

Junction City Police Department

MISSION STATEMENT

The Junction City Police Department's Mission is to provide professional and ethical Public Safety services through a cooperative partnership with citizens to identify, prevent and solve problems of crime, the fear of crime, social disorder and neighborhood decay, thereby improving the quality of life in our community, making Junction City the safest and most enjoyable city to live in. "We strive to change what we are...to what we can be!"

GOALS OF THE POLICE DEPARTMENT

To take a leadership role within our community.

To provide excellence in service and positive interaction with the community.

To ensure equality of services, citizen satisfaction, and the highest quality of life in our community.

To enforce laws fairly and equally and uphold the Constitution of the United States and the State of Kansas.

To recognize each individual as a person of worth and deserving of the highest quality police service.

DEPARTMENT HEAD

STAFFING SUMMARY

The Junction City Police Department has an authorized strength of 47 sworn officers to include 29 Police Officers, 8 Sergeants, 7 Lieutenants, 2 Captains and 1 Chief of Police. *The authorized strength was reduced from 54 sworn officers in 2009.*

The Junction City Police Department has 22 full-time civilian employees to include 1 Director of Police Communications, 12 Dispatchers, 4 full-time Records Clerks, 1 Secretary to the Chief of Police, 1 Investigations Secretary, 1 Drug Operations Group Secretary, 1 Animal Control Officer, 1 CSI Lab Tech, 1 part-time Video Evidence Technician and 1 part-time Records Clerk

FACILITIES

The Police Department is located at 210 East 9th Street in Junction City with a storage facility located at 312 East 9th Street. The Junction City/Geary County 911 Operations Center is located within the Police Department and provides dispatch services for all emergency services within Geary County. Funding for this center is provided by the Junction City Police Department, Geary County Sheriff's Office and Grandview Plaza Police Department. The Drug Operations Group, which is made up of Detectives from the Junction City Police Department, Geary County Sheriff's

Office and Grandview Plaza Police Department, is located in a facility off-site provided by Geary County.

BUDGET

The Police Department's 2016 total annual budget totals \$5,809,783. This is made up of two components – Police and Dispatch. The Police annual budget is \$4,803,315. The Dispatch annual budget is \$1,006,468. Geary County pays 50% of the Dispatch Budget

PRESSING ISSUES

Crime In 2015, the Junction City Police Department responded to 23,934 calls for service, which decreased from 2014 when they responded to 24,510. Based on FBI Part 1 crime reporting criteria which takes into account Violent crimes (Murder, Rape, Robbery, Aggravated Assault/Battery) and Property crimes (Burglary, Theft, Motor Vehicle Theft), crime in Junction City was down by 10% in 2015 compared to a decrease of 12% in 2014. In the first quarter of 2016, Violent crime has increased by 55% and Property crime has increased by 76%. Total Part 1 Crime increased by 70%.

Manpower The Police Department currently has 47 sworn officers on duty with two of them scheduled to attend the Kansas Law Enforcement Training Center in June and three in a recruit training status. Three officers will be retiring on or before July 1. Two officers have been hired with a start date of July 5, 2016. It takes approximately 34 weeks for a police recruit to be released to patrol on his own. The 2017 budget includes a request for an additional Detective to be assigned to the Investigations Division bringing the Department's sworn strength to 48. The reason for this is twofold (1) as stated above, crime in the first quarter of 2016 is up 70% and after a number of years of crime decreasing in Junction City, it is anticipated that the crime rate will continue to increase. (2) One of the Detectives currently assigned to the Investigations Division will be engaged in forensic computer analysis and forensic cell phone analysis. This is a relatively new technology to the Junction City Police Department and over the last several years has been instrumental in a number of cases being brought to a successful conclusion. With that one Detective's time being allocated almost solely to computer and cell phone analysis, it is requested that an additional Detective's position be allotted for the Investigations Division in the 2017 budget.

The Police Department currently is full staff in the 911 Operations Center with 12 Dispatchers. One dispatcher is in a training status. It currently takes approximately four to six months before a Dispatcher can be released from training.

The Police Department currently has one vacancy in the Records Division. Efforts are on-going to fill the one vacant position.

Equipment In 2016, the Police Department began a staggered replacement schedule for patrol vehicles with approval to replace three Chevrolet Tahoes. These vehicles have been ordered. The Police Department has requested the replacement of three patrol vehicles in the 2017 budget. Under the staggered replacement schedule, four patrol vehicles would be due for replacement in 2017, but one of the vehicles scheduled for replacement has been replaced after a motor vehicle accident totaled a 2013 Chevrolet Tahoe.

Frequent Complaints

Domestic Violence involving Military and former Military subjects continues to be problematic within Junction City. The Department has also noted that in the first four months of 2016, a significant increase in burglaries (up 120%) and thefts (up 42%) has occurred. Arrests for the same period are up 31% for adults and 58% for juveniles. Narcotics cases are also up 47% during the same time period.

Junction City/Milford/Geary County Planning and Zoning

MISSION STATEMENT

The mission of the Junction City/Milford/Geary County Planning and Zoning Department is to serve all persons in a positive and courteous manner and help ensure that Junction City, Milford and Geary County continues to be a healthy, safe, attractive, and enjoyable place to live, work, or visit. We help plan the form and character of both cities and the County; support efforts to maintain and protect community values and the preservation of the environment; promote the wise use of resources, and protect public health and safety.

SERVICE PHILOSOPHY

The Junction City/Milford/Geary County Planning and Zoning Department staff provides high quality service when needed. We will:

- Listen to understand your needs.
- Give clear, accurate and prompt answers to your questions.
- Explain how you can achieve your goals under the rules and regulations of Junction City, Milford and Geary County.
- Help resolve problems in an open, objective manner.
- Maintain high ethical standards.
- Work to improve our service.

GOALS OF PLANNING AND ZONING

In addition to maintaining a daily commitment to the Mission Statement and Service Philosophy as stated above, the goals for the Junction City/Milford/Geary County Planning and Zoning Department are as follows:

- Administer the implementation of the Junction City/Milford/Geary County Zoning and Subdivision Regulations for all projects brought forward.

- Work on the rewrite to the Junction City Zoning and Subdivision Regulations. This will be done internally to save money.
- Work to maintain the current Geary County Zoning and Subdivision Regulations by remaining sensitive to provisions that are not achieving the objectives of the County and providing appropriate amendments.
- Work to maintain the current Milford Zoning and Subdivision Regulations by remaining sensitive to provisions that are not achieving the objectives of the City of Milford and providing appropriate amendments.
- Continue to work with Milford under the Interlocal Agreement to improve Code Enforcement to address the needs of the City of Milford.
- Assist in the management of the properties obtained by the Junction City Land Bank.
- Finalize the update to the Comprehensive Plan for Junction City and Geary County. The hope is to annually maintain that document internally until a major update is needed again.
- Administer the Flood Plain Regulations in Junction City and the rural portion of Geary County.
- Work toward the establishment of a County Codes Court to provide a better method of enforcement of the County rules and regulations.
- Continue to explore with other departments of the City and County how the GIS operations might better serve the public through either cost savings of the operations or enhanced service capabilities by the utilization of the full potential of this operation. The Official Zoning Map for the City of Junction City, Milford and Geary County was prepared by the County GIS staff and we work with them to maintain that information.
- Assist in the administration of the street naming and addressing operation in coordination with the 9-1-1 operations. This also means the City ordinances need to be amended to assign that responsibility exclusively and solely to the County GIS Department, which maintains the addressing to integrate and support the 9-1-1 operations through software purchased for that duty.
- Continue to manage the implementation of the Child Care licensing rules and regulations for Junction City and Geary County.
- Continue to work with appropriate City and County Departments and governing bodies to identify and solve problems or challenges in the implementation and/or enforcement of the responsibilities assigned to the Department.

- Continue to work with the Flint Hills Regional Council on general planning issues and concerns for the Flint Hills region.
- Continue to work with the Flint Hills Metropolitan Planning Organization that is responsible for the Transportation Planning for the affected region surrounding Junction City, Manhattan and Fort Riley.
- Continue to work to maintain interaction with Fort Riley concerning growth and development issues in Junction City and Geary County with respect to impacts on the mission of the Army at Fort Riley; and assist in the development and implementation of mitigation strategies to minimize or eliminate identified negative impacts. This will be especially important in the coming months through the update to the Joint Land Use Study (JLUS), which begins an update this year.

SERVICES PROVIDED

Community planning and zoning involves the complex interaction of individuals, neighborhood groups, business organizations, environmental groups, other advocacy groups, land developers, and contractors with appointed and elected officials of both cities and the County. The Planning and Zoning Department is responsible to see that all these entities are included in the planning and zoning processes and implementation of the applicable rules and regulations.

All of the above services are coordinated through the Metropolitan Planning Commission/Board of Zoning Appeals, an advisory board consisting of seven people; three appointed by the Junction City City Commission, three by the County Commission and one by the City of Milford. All members appointed serve a three-year term. The appointed members of this Commission help oversee various parts of the planning and zoning programs for Junction City, Milford, and Geary County, and provide an important means for citizen participation in city and county government. The Planning and Zoning Department staff diligently works with the Junction City City Commission, Milford City Council and Mayor, the Geary County Board of County Commissioners, and appointed citizen Metropolitan Planning Commission/Board of Zoning Appeals to administer the planning and zoning programs.

SUPERVISORY STAFF

The Junction City/Milford/Geary County Planning and Zoning Department is headed by David L. Yearout, AICP, CFM. The letter credentials stand for membership in the American Institute of Certified Planners and membership as a Certified Flood Plain Manager. Mr. Yearout has over 43 years of experience in local government planning and zoning administration. His experience

includes work in both the public and private sector and has included preparation and updates to Comprehensive Plans, preparation of Zoning and Subdivision Regulations, preparation of Sanitation Codes, and numerous other special studies. All of this work has been for both cities and counties. He carries membership with the American Institute of Certified Planners, the American Planning Association, the Kansas Chapter of APA, the Kansas Association of County Planning and Zoning Officials, the Kansas Association of Flood Plain Managers, as well as being active in numerous other state and national organizations.

STAFFING SUMMARY

In addition to the Department Head, there is an Office Assistant (Shari Lenhart) that comprises the staff. An Intern from the Community and Regional Planning program at Kansas State University was hired to work during the spring semester of 2014, and such an intern will be sought in the coming years when available. All staff members assist in the requirements of the Department on a day-to-day basis, as well as supporting the needs of the Department in responding to support of the Metropolitan Planning Commission/Board of Zoning Appeals.

All staff members are considered "County employees" and are paid by the County. The salaries of all staff are budgeted only by Geary County. The "operational" aspect of the Department is provided by the City of Junction City and the budgeting is for the operational portion of the needs only, such as office supplies, phone service, computer needs, etc.

STAFFING SUMMARY

The Municipal Court has as staff of (5); to include 1 Judge, one contracted position (Public Defender), 1 Supervising Court Clerk and 2 Court Clerks.

The Prosecutor's office has a staff of (3); to include 1 City Prosecutor, 1 Legal Assistant/Diversion Coordinator and a part-time Legal Assistant.

FACILITIES

The Municipal Court is located in the new facility located at 701 N. Jefferson which just finished a renovation plan that provides adequate space and facilities for court operations.

The current location doubles as a dual capacity facility; housing not only Municipal Court but also City of Junction City Commission Meeting Room.

The City Prosecutor's Office is located within the Police Department at 210 East 9th Street.

Junction City's crime rate has decreased. As a result, the number of cases filed has been reduced. Additionally, The Junction City Police Department's authorized strength was reduced from 54 to 47 (13%) sworn officers in 2009; that year the number of cases filed dropped by 27% and have remained under 2008 numbers since.

A diversion is an alternative to prosecution for those people who have little to no criminal history and the facts of whose case is not outrageous. Diversion is a contract between the City and the defendant that require the defendant to complete certain conditions and to stay out of trouble for a designated period of time. As long as the individual is successful on diversion at the end of the time established the case/charges against that person are dismissed. Diversions can include extra fines and costs, counseling evaluations, community service, and/or any other special conditions.

Use of the diversion program has increased greatly within the City over the past decade, and has provided an additional \$508,233 in revenue since 2005. While this revenue is certainly a positive, there is an impact on the workload felt in the City Prosecutor's office. Within the 2015 budget, the City Commission authorized one additional part-time staff to help with the additional workload.

Expenditures 2015

Other Expenditures 2015

ECONOMIC DEVELOPMENT

The City levy's 1 mill annually for economic development. The use of those dollars is at the discretion of the City Commission. Currently the City contracts with the Chamber of Commerce to provide Economic Development Services. Monies collected in excess of the contract amount serve to provide economic development incentives, and maintenance of infrastructure connected to current Economic Development contracts.

DEBT SERVICE

This is a tax levy fund that is set up for tracking income and expenditures related to any long-term debt of the City. Included is the debt for General Obligation Bonds, KDOT Revolving Loans, and debt for the purchase of land or buildings.

CAPITAL IMPROVEMENT FUND

The capital improvement fund is a tax levy fund that has not levied taxes for several years. The existing funds are being used for capital improvement projects that have been much needed but would have been difficult to fund through a tax levy.

EMPLOYEE BENEFIT FUND

This fund was originally set up as a tax levy fund, but is now used as an in and out fund for health insurance premiums for retired employees. All employee benefits now are dispersed to the appropriate department budgets so the City can track cost of doing business for each department. There was a small cash balance that was left in this fund to support cash flow.
